

Foundation Dances & Walks Manual – 2016 Revisions

Following is a list of the revisions that were made to the Foundation Dances & Walks Manual (2012 edition) in preparing the new 2016 edition.

1. The title page has been updated to include reference to this new 2016 edition.
2. The Table of Contents, Publishing Information and Alphabetical Dance Index have all been revised to include the revisions referred to below, as well as other corrections from previous editions.
3. The dance formerly known as *Kwan Zeon Bosai* has been revised to *Kwan Zeon Bosal*, a correction in the mantra made in 2015 by the Guidance Council. The mantra in Korean Zen is commonly chanted by Korean speakers as Kwan Zeon Bosal [Kwan-se-eum bosal]. Although this dance has been led for many years with the originator's pronunciation, the Guidance Council suggests Dance leaders may now want to begin leading this Dance using the correct pronunciation.
4. A clarification of the first dance movement has been incorporated into the write-up of the *Om Tara Partner Dance*.

A pdf file of the complete 2016 edition, along with files for the cardstock cover and dividers, is available in the password-protected Leaders Guild resource library. Also included is a pdf file that includes all of the pages that would need to be printed in order to update an existing print copy of the 2012 edition.
